MKhmfg

2013 - Present

I have been producing, directing and editing a long form documentary in my spare time. This has grown into a production company where I have put together a variety of short form documentaries and other videos utilizing a variety of DSLR cameras, lighting systems, audio recording and mixing devices and editing and color correction software, including the Adobe CC Suite.

KING/KONG TV

2006 - Present

Master Control Operator for Seattle's NBC affiliate and additional stations. Primarily prime time shift, including weekends. Was the operator on shift for a variety of regional and national sporting events and other live events. Also operated traditional and robotic cameras and mixed audio for live newscasts.

Northwest Cable News

2001 - 2006

Lead Master Control Operator for a regional cable news organization. Supervised other operators, created and implemented standard operating procedures, scheduled the operations & production departments. I was awarded the employee of the quarter, or "Live Wire" award for my efforts to streamline and automate as many processes and procedures as possible.

Foundation

1991 - 1995

Bachelors of Arts : Journalism and Media Production

Emphasis in Broadcast Production

Washington State University

Member Alpha Epsilon Rho Honor Society

KWSU, KZUU (GM/MUSIC DIRECTOR), WSU SPORTS VIDEO

Swingline Records

2005 - 2010

Co-Owner of a record label. Responsible for all branding, internal graphic design and advertising, as well as the day to day operation and strategic planning. Artists : Silver Scooter, The Valley, The Lights, Magneto, and The Heavy Hearts.

Seattle Sounders FC

1999 - 2008

Designed and maintained the sound systems for live soccer matches in various locations. Live mixing of audio components. Editing and selection music and sound effects for pre-game and in game.

DiscoverMusic.com

1996-2001

Custom Content Supervisor : I built multi-media content for internet music retailers such as Amazon.com, Real Networks and Towerrecords.com. In addition I supervised a staff of other editors. I also designed and built a studio in office on shoestring budget.
